

Thumbay Group To Launch Region's First Online Healthcare Education Platform, HEALTHVARSITY

- Over 200 medical courses in two years will be made available to users using advanced technology to build the platform. - Certificates to be issued on Blockchain to maintain high security and Authenticity.

Ajman, United Arab Emirates Aug 2, 2022 ([Issuewire.com](https://www.issuewire.com)) - Founded by Dr. Thumbay Moideen in 1997, Thumbay Group is a diversified international business conglomerate with its core business in Education, Healthcare, and Medical Research, Thumbay Group is committed to providing quality education and care to the community. Thumbay Group's pioneering role in the region has led UAE as a regional hub of futuristic medical education, state-of-the-art healthcare, and cutting-edge research, creating a mark on the global map.

Healthvarsity is all geared up to be the number one learning platform in the region providing quality online medical education to doctors, nurses, healthcare professionals, and healthcare students who wish to peruse health professions education and join the army of frontline heroes. The platform will provide over 200 more courses and upon completion, the users will be awarded certificates on the blockchain to maintain the security and authenticity of the courses completed.

The Healthvarsity is poised to offer niche programs in Autism, Mental Health, Ayurveda, Homeopathy, and Chinese Traditional Medicine (TCM) including many others from leading organizations across the globe. The Healthvarsity is planned to have a major launch in Nov. / Dec. 2022.

The platform will provide sections for mentors to help students, and sections for hospitals and institutes to have employee training portal access to improve their performance. The courses will be categorized into three levels: basic, intermediate, and advanced level. The user can learn remotely at his own pace and complete the course at ease, using advanced learning technologies.

The platform will use AI for student analytics, course analytics, and engagement analysis to provide a better experience to the user and have better learning outcomes. Provision of courses using AR/VR and metaverse technologies are also on the road map sketched by a team of technology specialists, doctors, and health professionals working in various hospitals after analyzing the problems they face and providing hands-on solutions.

The main features of the portal will include Course Catalog, Job Portal, Instructors Catalog, Partner Listing, Become an instructor, and CO-Branded portal for Corporates. Coaching Section for Entrance Exams, Blog Section for Articles, take one-to-one class, select a Teacher for a particular course, University Section for Universities to Market Their Courses.

Speaking about the initiative, Dr. Thumbay Moideen, the Founder and President of Thumbay Group, said, "We are very excited to build this platform as we hope to bridge the learning gap for healthcare professionals and create a borderless learning experience of the future for learners. We wish to establish as leaders in the EdTech domain."

The selection and quality of courses will be managed by a senior professional team of doctors, nurses, and renowned medical education professionals. In addition, these courses will cover all specialty and domains of healthcare education including sections to take mock exams and entrance tests.

Mr. Vignesh Unadkat, Acting COO of Healthvarsity, Said: We are very excited to be a part of a project that will bring technology to the healthcare professionals at their fingertips and provide a better learning experience.

HealthVarsity is a registered and licensed online healthcare course provider company that will be based in Ireland. It aims to bring an innovative way of providing education which includes a model of bringing interactive education at the hospital, clinic, office, and home, or simply wherever you are! It has the advantages of avoiding travel, saving time, accessibility to excellent teachers, and constant evaluation through online tests.

The initiative, furthermore, endeavours to empower doctors, students, nurses, and the pharma industry with accurate and updated knowledge. Healthvarsity is a client-focused and result-driven online healthcare course provider that shall cater to broad-based services at an affordable fee. Healthvarsity is also keen to explore tie-ups with government entities like DHA - Dubai, DOH - Abu Dhabi, EHS - UAE, and MOH - UAE among other Healthcare Bodies mainly for the training of their Healthcare Professionals.

Healthvarsity welcomes participation from private equity funds to join hands in this innovative venture.
