Guests can relax or dance the night away as the party goes on until 12 am.

Hava Kava's mission is to provide a safe, upscale place for the community to come together and share a message of welcome and connection. After all, Kava is a drink used by Pacific Islanders for thousands of years to welcome guests and friends, to bring relaxation and create a sense of community, and even to settle arguments or make peace between villagers.

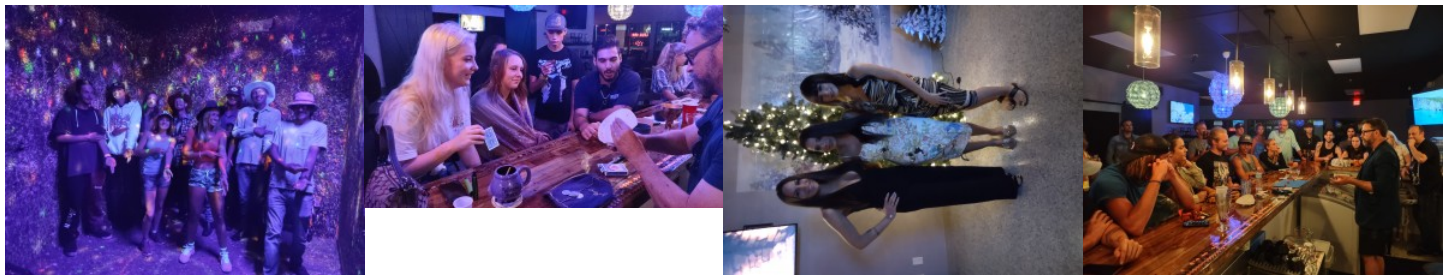

In that spirit, Hava Kava welcomes all genders, races, and religions. We invite the community to come together at our party, and enjoy a fun and relaxing time with friends, family, and neighbors.

Hava Kava also has exotic teas with many benefits including improved focus, energy, mood elevation, and pain relief which will be available at the party as well. Guests will be able to learn how many people have been able to naturally improve sleep and get away from pain pills by drinking delicious teas that are no more habit-forming than caffeine.

In today's troubled climate especially Hava Kava feels it's so important to welcome one another, to connect and unite and this is what the party is all about. So bring your friends and family to come to celebrate with us at Hava Kava this Saturday!

While no purchase or RSVP is necessary to attend the party, it is recommended that guests come prepared to buy a \$5 drink to experience the relaxation of kava or the energy boost of our teas.
