~Tell me about yourself.

- My name's Mohammad, 29 years old, Single, While in school, I played always soccer cause loved it, Spent some courses at university studying Mathematics & Literature there, and Recently completed one internship in Tehran(The Capital City), Where the dispensers for working in a pharmacy will get a quiz and graduate.

~ What are some of your strengths and weaknesses in your career?!

- Would say that some of my strengths are that I'm an effective communicator, detail-oriented and hard-working.
- As for my weaknesses, Trusting is definitely one of them. But I also find myself being too empathetic And taking on the weight of other people's problems, which can be often draining.

~ Why weren't you married in your country ain't a relationship with any girl?

- Oh, In this interview, I expected you to ask me questions about my work history or future wishes dude, Cause these issues are too personal I think.

~ So by apologizing, Do you work better alone or as part of a team I mean?!

- No problem, There were rumours in the family that I would marry at 28 in 2021, Absolutely I had many friends that helped me always to take ideas for creating a music, You know Hans, I would like to sing other songs in my lyrics and music so. Maybe I'll release the first album in a solo this year.
- Short long story, I love collaborating with others, but at times I find it necessary to step away and brainstorm things on my own. So now I just work alone, because I want to learn more and get some experiences from this mood.

~ Where do you see yourself in five years, Mohammad?

- Really nice question! In five years, I hope to be a popular singer in my country or maybe out; Sing in big concerts that values my skills while also continuing my development to achieve international prominence. Hopefully, I'll have opportunities to take the lead on some musical creative projects.

~ As having tense of humor, If you were an animal, Which one would you want to be?!

- Lol, If I were an animal, I would probably be a deer—loyal and kind, and cautious. And a little confused by bright lights. Also, love dogs!

~ I heard you're working on a new song with a sad mood or theme, Tell about it a bit, please!

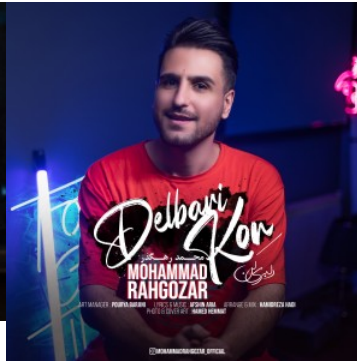

- First of all, Big thanks Mr. Thomas for supporting the independent artists for this interview and sharing it! Yes! Recently got new music with nice lyrics that inspired a favorite film for me and try to be my best, The music's name is "Black Rose". Hope people like it....

~ Thanks for giving your time, Do you have any questions for me?

- You got it! It's very kind of you dear Hans; Fortunately, I got the best feedback from my first song "Delbari Kon" from people as I started, And as a friendly talking with you, I enjoyed and hope to see you again in IRAN and wish you have a good time, Spend cool summer.
