

Build your Product and Launch your Tech Startup with FasterCapital

FasterCapital

Dubai, United Arab Emirates Sep 26, 2022 ([Issuewire.com](https://www.issuewire.com)) - Finding the right technical team to work on your startup can be quite a challenge but it is not anymore. [FasterCapital](https://www.fastercapital.com) is an online incubator and accelerator that supports startups and help entrepreneurs launch their own tech startups from A to Z.

The [Technical Cofounder](https://www.fastercapital.com/technical-cofounder) program has helped over 50 startups around the world so far and received a

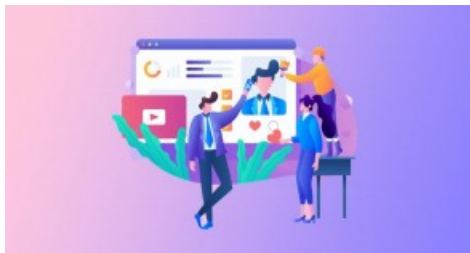

great deal of interest, especially from [early-stage startups](#) and first-time entrepreneurs.

The technical team at FasterCapital starts with [assessing the costs](#) and resources needed for building your product whether it is an app, a website, or another type of tech program or system. Moreover, FasterCapital covers 50% of the costs per equity and comes as the first investor in your idea, project, or startup.

The program is created to provide full services and long-term support to the startup and this is what makes it unique. Entrepreneurs can now find their committed technical cofounders and launch their own businesses without the need to hire a full [technical team](#) on their own.

Aside from the Tech Cofounder program, FasterCapital has three main programs; [Raise Capital](#), [Grow your Startup](#), and [Idea to Product](#).
