

Enter the United States of America in an Inconvenient Way with the Help of Online US Visa

Los Angeles, California Sep 28, 2022 ([Issuewire.com](https://www.issuewire.com)) - To enter the US foreigners require a visa even if it is for a 1-day visit. This visa can be collected in two ways, one is by visiting the US embassy and collecting it in paper form. The other one is online by visiting the official website of the US online visa program and applying for it. The entire process takes not more than 5 minutes and is extremely easy to complete. The website is user-friendly and the required documents are kept minimal to reduce the stress of applying for a US visa. After compilation, the visa will be sent to the applicants via email and there is no need to visit the embassy physically to collect the visa which makes the process even more convenient.

Now the process is available for the Czech Republic and Chile. The program of this US online visa was soon approved in 2001 after the gruesome attack of 9/11 and the program went live in 2009. Both these countries were launched members of the ESTA US visa program so their citizens can easily take advantage of this program while entering the US.

Czech citizens can apply for this program online and the documents required are extremely simple where the citizens would require a working, valid passport, a valid email address to which the visa will be sent, and a working payment method. This working payment method can be a credit card, a debit card, or a PayPal account. For Chilean citizens, the requirements stay the same, their departure date must be within 90 days of arrival. The acquisition of this ESTA US visa is mandatory and will be valid for 2 entire years. Their stay in the United States of America will be up to 90 days at a time and in this 2-year validity period of the visa, they will be able to enter the country multiple times.
