

French Chef Nadege Maganga Launches Her Culinary Comic: The Dream

Paris, France Sep 21, 2022 ([Issuewire.com](https://www.issuewire.com)) - French pastry and culinary chef Nadège Maganga recently launched her cooking comic where she shares her dream of creating her restaurant in America.

Through his comics, you will discover his personal and professional journey. Indeed, you will find in the different chapters his doubts, his desires, and the precious help of his friend Dunamis to manage to create his restaurant.

Chef Nadege Maganga's career is rich in experience in Parisian kitchens. Over the years, his know-how has been passed on to French gastronomy, both brasserie and traditional, as this has allowed him to broaden his creative arc and his ability to meet the challenges of country cooking. . Once she gained her expertise as a cook, she wanted to add essential baked goods to her culinary heritage. This led her to enroll in 2018 for training at the Ecole de Boulangerie-Pâtisserie de Paris. There is no turning back as she has continued to develop her skills as a pastry chef and represent French cuisine to the world.

Chef Nadège Maganga's style of cooking is a balanced combination of craft, audacity, pleasure, rigor, passion, and conviction as she continually tries to push beyond her limits to achieve satisfaction as a chef and also to offer the same to its customers. His wisdom and breadth of knowledge are global and as a result, his style of cooking is influenced and inspired by various essentials of life and emotions. The books take audiences on a journey into the chef's unparalleled belief in his craft, which also teaches important lessons and values.

His comic is available on Amazon: <https://www.amazon.com/dp/B09QP6HN4N>

Chef Nadège Maganga's vision is to put his culinary and pastry skills on a global platform and promote French cuisine in all its glory. She is looking forward to opening restaurants in Europe and America.
