

Get Drenched in Xena East's Deeply Emotive Pop-Esque Musical Representations

Find out the deeper feelings of love and pain with Xena East's latest musical compositions. She has garnered a lot of attention as a talented Melbourne pop artist.

Melbourne, Sep 5, 2022 ([Issuewire.com](https://www.issuewire.com)) - Talented pop music artist **Xena East** is spreading her musical aura through some latest creations. The artist has come up with a brand new track, titled '[Be With You](#)' which is currently captivating global listeners. The track has a deep romantic approach to it which is woven through sweet pop melodies. The soothing musical arrangement along with her vocal skills makes this track a masterpiece. She has also released another track titled '[Breath Me](#)' which offers a similar romantic essence. However, there is a fair amount of melancholy in the tracks which portrays the suffering and pain of love. Such intriguing musical compositions do not fail to envelop the hearts of the listeners.

This unwavering [Melbourne pop artist](#) has made some significant progress within the last two years. The secret ingredients behind her success are nothing but her sheer skills, talent, and hard work. Being a prolific singer and a songwriter, Xena is capable of crafting her own tracks and that shows her versatility. Being a charismatic, intelligent, and shy persona, this artist likes to embrace her deep inner feelings through her tracks which are quite relatable for listeners around the world. Previously, this independent music artist has dropped many singles like 'Closer', 'For Us', 'My Dream Girl', etc to name some. Her musical arsenal is filled with both, covers and her original tracks.

Other than making music, Xena is also a talented canine psychologist who possesses a Ph.D. in the

subject. However, her passion for music is quite strong and that reflects through her consistency in her craft. Just like the recent singles '**Be With You**' and '**Breath Me**', the artist has recently dropped another album titled 'My Endless Love' which is available on Spotify.
