

Interstate Lift Specializes in Chair Lift for Stairs in Newark and Marlton

When it is about installing chair lifts for stairs in Newark and Marlton, Interstate Lift is the right place to visit.

Philadelphia, Pennsylvania Sep 14, 2022 ([Issuewire.com](https://www.issuewire.com)) - The demand for chair lifts for stairs is very high in the USA, and many people like to purchase this system. Today, in almost every household, many senior citizens cannot move freely because of health issues or old age. Leaving them to their fortune is not a good idea at all because they can slip and fall. A [chair lift for stairs in Newark and Marlton](#) is the best solution in such situations.

Interstate Lift is a leading resource for chair lifts for stairs that the elderly can use in their old age to move from one level to another. They pride themselves on offering the most convenient solutions for seniors and wheelchair users who want to be independent.

They work with clients to identify the best chair lift for stairs to meet their individual needs within their budget. The experienced team of engineers at Interstate Lift can design a chair lift for stairs that is cost-effective and subject to ease of installation and longevity.

Whether the stairs are straight, curved, custom-made, narrow, or wide, Interstate Lift has the custom solution for clients seeking a chair lift to travel both up and down the stairs at their convenience. They also offer stairlift rentals for those who need the product for a short period while they complete a remodel or build.

The range of stairlifts they offer includes Stannah Stairlifts, Curved Stairlifts, Outdoor Stairlifts, Custom Curved Stairlifts, and more in the Delaware Valley, Philadelphia, and South Jersey. Each has different features to meet the needs of any home or business. Clients must choose theirs depending on their homes' designs, sizes, and requirements.

Stannah Stairlifts are especially popular among clients due to their unique features. Over the years, Stannah has been manufacturing innovative and attractive stair lifts, home lifts, platform lifts, and lift chairs. Starting its journey in 1975, the company has carved out a strong niche in the market.
