Jacksonville, Florida Sep 5, 2022 (Issuewire.com) - The prophets of the Seer's House Sacred Holy Order of Seers and Prophets will gather in Jacksonville, FL October 12 – 15 , 2022 this year to get a grasp on the Metaverse and the impacts of Augmented realities.

“It’s important to me that the church and religious communities are not shut out of the realities people live in. We want to be wherever people are so we can share love and compassion” Seer’s House Chancellor Dr. Cedric Wright said.

Leaders from across the country are gathering to learn and get the insight needed to continue the work they believe that God called them to do. There will be over 100 men and women who believe they are called to inspire and want to keep their technological skills sharp so they can be effective in this age.

Although this is their annual conclave, the Deans and its Chancellor have opened up their meeting to any local ministers who would like to gain this information as well. Anyone interested can email Seer’s House at: info@prophetcedric.com or go to [Prophetic Conclave 2022](#) for additional information.
