

NewsPlayer+ Add GB News To 32-Channel Live Global News Bundle

NewsPlayer+, the global streaming news platform, is pleased to announce a new partnership with GB News, making the channel more easily accessible to a worldwide audience.

London, United Kingdom Sep 1, 2022 ([IssueWire.com](https://www.issuewire.com)) - **GB News**, known as “The People’s Channel” because it focuses on all British views across the UK, joins NewsPlayer+’s line-up of 32+ live news channels all in one single app; offering unrivalled access to global perspectives and diverse views for discerning news watchers.

GB News, which launched last year, includes original news, debate, and opinion-based content. The channel features presenters including journalist and newscaster Alastair Stewart OBE, former executive editor of The Sun, Dan Wootton, broadcaster and former politician Nigel Farage, former TV-am and BBC presenter Anne Diamond, former Sky News presenters Isabel Webster & Stephen Dixon, British comedian & presenter Mark Dolan, businesswoman and former winner of The Apprentice, Michelle Dewberry, and former GMTV, This Morning & Sky News Sunrise presenter Eamonn Holmes.

Rich Jacobs, Co-Founder & CEO of **PlayerPlus Limited**, who owns and operates NewsPlayer+ said: *"NewsPlayer+ is committed to bringing a range of perspectives and diverse views to our audience. We are delighted to partner with GB News to ensure their proudly British reportage can be easily accessed from anywhere in the world".*

GB News joins some of the world's biggest news channels already available via NewsPlayer+ including Al Jazeera, Bloomberg, CNBC, Euronews, NBC News Now, and Sky News as well as exclusive

channels, which up until now have not been widely accessible in the UK, including Africanews, CNA (Singapore), C-SPAN (USA), i24 (Israel), Newsmax (USA), Ticker News (Australia), Times Now (India) and United News (Ukraine).

NewsPlayer+ is a subscription service – that connects serious news followers to the ultimate bundle of news channels, all in one place, free of intrusive advertising.

NewsPlayer+ can be accessed via iPhone, iPad, Android, Amazon Fire TV, Chromecast, Apple Store, Google Play, and on their website, www.newsplayerplus.com.

The agreement between GB News and NewsPlayer+ was brokered by the UK and Hong Kong-based distributor, Lightning International.
