

Robert Marlin Woolery, DC, a Chiropractor with State of the Art Chiropractic

Get to know Chiropractor Dr. Robert Marlin Woolery, who serves patients in Vallejo, California.

New York City, New York Sep 14, 2022 ([Issuewire.com](https://www.issuewire.com)) - Dr. Woolery is an experienced chiropractor practicing alongside Dr. Dorrin B. Rosenfeld, DC, at their practice - State of the Art Chiropractic - located in Vallejo, California.

“Our mission at State of the Art Chiropractic is simply to serve you. We provide excellent chiropractic care to help our patients reach and exceed their health goals. We assess the patient as a whole. We want to address the main concern, but also lead you into a lifestyle of being pain-free. We do all of this by offering an evidence-based approach to chiropractic care by utilizing chiropractic manipulation, soft-tissue techniques, therapeutic rehabilitation, and a variety of chiropractic services to help achieve your health goals” as stated on their website.

Following the family tradition of becoming a PipeFitter/Welder for the Pipe Trades, Dr. Woolery was happily living with that until he was in his early forties. It suddenly dawned upon him what he wanted to be when he grew up. He entered Chiropractic School, graduating with his Doctor of Chiropractic degree from Life Chiropractic College West in 1992, and unexpectedly found the key to unlocking the dysfunctions that remained with him after a head-on car injury that occurred when he was 10 years old.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain, back pain, headaches, vertigo, and a long list of other ailments and conditions. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself naturally, without the use of medication or surgery.
