What is the core gameplay of Snake Dao?

Fighting!

Like playing the Snake game with a Nokia 20 years ago, Snake Dao can be accessed using a cell phone or a computer. By sliding the screen or manipulating the mouse to control the snake's movement in the interface, you can continuously obtain food to enhance the snake's length in various scenes and settle the rewards according to the snake's length at the end of the game.

Breed!

Synthesize high-quality snakes. Players are free to choose to use the synthesized or bred snakes as NFTs and sell them on the market to earn tokens or continue to use them as materials to synthesize higher-quality snakes.
