The Turkish visa for Canadian citizens comes with a validity of 180 days only and allows the citizens to stay in the country for a maximum of 90 days for a single stay. However, this visa is applicable for all kinds of purposes whether it is tourism, medical urgency, business, or transit. It takes only 24-72 hours to obtain the visa and at the end of the process, it is sent to the applicants via email. Such an easy and effective process is truly empowering global citizens. Similarly, Turkey Visa for Australian Citizens offers many benefits to the country.

However, the citizens of Australia will have to register for the Covid-19 Form in order to enter the

country. After submitting all the information faultlessly, the agency provides approval for the service and proceeds with it. The applicants will have to pay a nominal amount as the fee for the service. The company is quite flexible with its modes of payment and allows the applicants to pay via PayPal, Credit Cards, Debit Cards, and many other options. However, Australian citizens need to have a passport that is valid for more than 150 days from the day of Arrival in Turkey. Turkey visa online has a 24*7 active help desk in case of queries.
