

Zachary M. Kilpatrick, Jr., MD, a Diagnostic Radiologist with Palmetto Imaging – West Columbia

Get to know Diagnostic Radiologist Dr. Zachary M. Kilpatrick, Jr., who serves patients in West Columbia, South Carolina.

New York City, New York Sep 14, 2022 ([Issuewire.com](https://www.issuewire.com)) - As a highly regarded diagnostic radiologist & adult/pediatric MRI specialist, Dr. Kilpatrick Jr. specializes in obtaining and interpreting medical images obtained from x-rays, CT scans, MRIs, and ultrasounds, and then using them to treat health-related problems. His clinical interests include adult radiology, pediatric radiology, head-to-toe

MRI, and advanced imaging.

Taking a detail-oriented approach to patient care, he works at Palmetto Imaging – West Columbia in West Columbia, South Carolina, although he is also affiliated with Palmetto Health Baptist and Global Imaging Solutions in Savannah, Georgia.

Likewise, he has been the lead radiologist for the University of South Carolina Gamecocks and several other regional high school and college athletic programs.

With a broad educational background, Dr. Kilpatrick received his medical degree from Mercer University School of Medicine in Macon, Georgia in 1998. Thereafter, he completed his internship in OB/GYN at Palmetto Health Richland Memorial Hospital in 1999.

Wanting to further his training, he performed his residency in diagnostic radiology at the Memorial Health University Medical Center in 2003, and his MRI and advanced imaging fellowship with the ProScan MRI Education Foundation in 2004.

As a testament to his continued education, the doctor is board-certified in diagnostic radiology by the American Board of Radiology (ABR). The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

Dedicated to his field, Dr. Kilpatrick Jr. is a professional member of the American College of Radiology and the Radiological Society of North America.

Diagnostic radiology is a medical specialization that involves undertaking a range of imaging procedures to obtain images of the inside of the body. The diagnostic radiologist then carefully interprets these images to diagnose illness and injury.

Attributing his professional success to his background training and hard work, Dr. Kilpatrick Jr. provides outpatient care locally and speaks regionally to colleagues and healthcare professionals.

In his spare time, he enjoys being with his children, cooking, fishing, and hunting.
