

A Multifunctional Coin - GREAT DEAL COIN

Dubai, United Arab Emirates Oct 21, 2022 ([IssueWire.com](https://www.issuewire.com)) - The Great Deal Coin is a digital currency introduced by the [Megma World](#) which can take the trend of online payments to the next level. Unlike the current Crypto World, this doesn't just quadruple the owner's money. However, both everyday necessities and fancy minds can be purchased with the same token, revolutionizing the Crypto world.

GDS is the world's most secure hybrid blockchain-based ecosystem, connecting retail and cryptocurrencies. Technology that enables real-world crypto-based retail payments while authorising crypto transactions in the metaverse.

The primary purpose of the [Great Deal Coin](#) is to facilitate retail purchases of items. Users who make purchases using Great Deal Coin save on transaction fees and get additional benefits. The Great Deal Coin team aims to empower the retail industry through Great Deal Coin.

Megma Other Products

Peer-to-peer exchange

Our peer-to-peer exchange is a cryptocurrency exchange that allows traders to trade directly with each other without the need for a centralized third party to facilitate trading. In this way, users are given the freedom to choose the most suitable tariff and payment method at a lower cost. Our peer-to-peer exchange has security features like encryption and two-factor authentication to protect your transactions.

Crypto exchange

A Crypto Exchange is basically a platform for buying and selling cryptocurrencies with fiat currency or other cryptocurrencies. In addition to trading services, crypto exchanges also offer price discovery through trading activity and crypto storage. Designed by experts, our exchange has built a streamlined crypto trading flow for beginners and experts alike.

Forex trading platform

Forex, also called foreign exchange or currency trading, is the exchange of one currency for another. Unlike stocks and commodities, forex trading does not take place on an exchange, but directly between two parties in the over-the-counter (OTC) market. The FX market is operated by a global network of banks spread across four major FX trading hubs (London, New York, Sydney, and Tokyo) in different time zones. Forex trading can be done 24 hours a day as there is no central location.

Crypto wallet

The Crypto Wallet stores a user's private key (a password that grants access to cryptocurrencies) in a secure and accessible manner, allowing secure sending and receiving of cryptocurrencies. Crypto Wallet is your gateway to new digital currency services that make life easier. Wallets provide the ability to buy, sell and trade cryptocurrencies. Pay your bills in cryptocurrencies and even use them in stores and online. The best part is that you can access it from your mobile phone.

Social media platform

Megma has a social media platform where anyone can post photos and video content and a private chat feature with friends and family using encrypted messengers. Your every like, comment, and share, earn you reward points which you can later redeem. As social media platforms grow and become more popular, our community will grow in interaction and scale. Income generated through the platform will be distributed to investors.
