

Amity Dental Centre Now Offers all dental needs under the same roof

Dr. Antoine Nohra brings pain-free dentistry under sedation to patients in Albany, WA. AU. needing complex extractions or root canal treatments.

Perth, Western Australia Oct 11, 2022 ([Issuewire.com](https://www.issuewire.com)) - [Amity Dental Centre](#), led by [Dr. Antoine Nohra](#), is taking dental care in Albany, AU to the next level. Many patients in Albany requiring oral surgery used to be referred to clinics in Perth and had to travel long distances to receive the care they needed. However, Dr. Nohra, our [Albany Dentist](#) has made this a thing of the past by investing in improving local community care. He has added a dedicated surgical room to his trusted practice where he delivers patients the highest level of care under sedation when treating them for more difficult surgical cases, like challenging tooth extractions and root canal procedures.

Dr. Nohra and the competent staff at Amity Dental Centre use the latest technology and state-of-the-art equipment to provide root canal treatments and surgical procedures including Dental implants. They no longer need to refer patients to far-away clinics for treatments that can save their teeth and restore their smile, showing how Amity Dental Centre continues to optimize the way patients receive the best dental care in Albany.

This [Albany dentist](#) has already revolutionized dentistry in Albany by focusing on the widespread fear of pain that keeps many people from going to the dentist. Dr. Nohra understands this fear and wants to hear about the traumatic experiences that have caused patients to avoid [dentist in Albany](#). After listening to each patient, he discusses treatment options, including the opportunity to choose preoperative sedation, using twilight anesthesia, inhalation, or intravenous sedation. Dr. Nohra says, “It doesn't have to be a complicated procedure to request sedation for dental treatment. I can perform any dental treatment under sedation, from simple fillings to the most complicated oral surgeries.” By providing a better experience than patients expect, Dr. Nohra and his staff alleviate their fears of going to the dentist and keep them coming back.

While some dentists are always trying to fit their patients into their specialty, Dr. Nohra doesn't believe in a cookie-cutter approach to dentistry. Instead, he custom-tailors a comprehensive dental treatment plan for each patient. He is a renowned dentist with extensive experience, earning his degree from French University, where he conducted research and trained newly graduated dentists as an assistant professor for over a decade. Dr. Nohra also has a master's degree in Orthodontics from Danube University in Vienna and has worked as an endodontist in Qatar. He later moved to Australia, where he shaped his knowledge of the latest dentistry technology.

Dr. Nohra and the competent staff at Amity Dental Centre spend time getting to know their patients, understanding their needs, and recommending the best treatment options. They know that every patient is unique and they can work with any dental complications you may have. Their experienced staff believes everyone deserves to receive the highest quality dental care. Amity Dental Centre has everything under one roof, offering complete dental services for children and adults, including same-day emergency treatments, preventative care, orthodontics (braces or clear aligners), dental implants, sedation dentistry, wisdom tooth extraction, root canal therapy, porcelain crowns, veneers, and cosmetic procedures. Amity Dental Centre is the most innovative practice in Albany, providing all these services at affordable prices.
