

Aurora NFT Club and Endemic taking care of the Aurora NFT Community

Aurora NFT Club aims to grow awareness and nurture NFT ecosystem in Aurora in conjunction with Endemic.

Ahmedabad, Gujarat Oct 21, 2022 ([Issuewire.com](https://www.issuewire.com)) - Aurora NFT Club aims to grow awareness and nurture the NFT ecosystem in Aurora in conjunction with Endemic.

The team behind Aurora NFT Club has proven to be very efficient and strong in bringing awareness to NFTs on NEAR. Together, Endemic and Aurora NFT Club are bringing the same level of awareness to the Aurora ecosystem. Our partnership will take shape in the following ways:

- Developing new partnerships with different NFT ecosystems outside of Aurora, such as NEAR Protocol, Polygon, Tezos, and others.
- Enhancing Aurora NFT's explanation through infographics.
- To bring more awareness to social media, organize events, spaces, workshops, and AMAs.
- Building a strong Aurora NFT community by leveraging advanced NFT technological solutions.
- Furthermore, considerably more...

About [Endemic](#)

Endemic is a new NFT marketplace on Aurora that runs on cool, fresh, and original concepts and builds better and more modern tech for art. With a humane and anti-corporate attitude and a personal approach, it's the ideal marketplace for both new and renowned foreign and local artists starting in the

NFT sphere.

Their vision goes beyond just being a place for artists and collectors to buy and sell art. Yes, **you can expect beautiful and rare high-art** NFT pieces like no others, creatively crafted with world-class talents and carefully picked by curators. Unlike other marketplaces in the world, the **team around Endemic thrives to support local artists** and help them leave a trace in the art world. To make stronger Endemic local art communities in order to become one Endemic global art community. Another main Endemic feature is this — **users can all connect**. With various integration such as likes, comments, blogging, etc., **Endemic is aiming at building a strong community, deeper connections between artist and their supporters, and a better understanding of each individual piece before the purchase decision.**

About [Aurora NFT Club](#)

In terms of NFT dApps, Aurora has over 20 in development and running as of today. With Aurora NFT Club, we aim to create an ecosystem where our NFT community and fans can showcase their skills and connect with NFT developers offering amazing use cases for minting, selling, collecting, and developing new platforms on NFTs.

A number of members of the Aurora NFT Club have experience building the [NEAR NFT Club](#). Over the last couple of years, the entire team has built global networks and educated people around the world about NFTs
