DIAMOND JUBILEE PRODUCT RANGE

MOTIF ANC

Motif A.N.C. gives you all the control you want over your sound. Carry the big stage in your pocket with 20 total hours of wireless playtime and active noise cancellation. Motif A.N.C. comes with 6 mm drivers, custom-tuned to deliver Marshall's recognisable thunderous sound. Experience amplified audio in a well-fitting design that is made for all-day listening

MONITOR II ANC

Advanced active noise cancelling technology blocks out the noise, letting you focus on what matters most – the music. Engineered for an all-day listening experience, they boast up to 30 hours of wireless playtime with active noise cancelling and up to 45 hours without, meaning you'll never miss a beat.

EMBERTON

Emberton is a compact portable speaker with the loud and vibrant sound only Marshall can deliver. Emberton utilises True Stereophonic, a unique form of multi-directional sound from Marshall. Experience absolute 360° sound where every spot is a sweet spot. Emberton combines signature Marshall sound with IPX7 water-resistance and 20+ hours of portable playtime, making it ideal to take with you.

ABOUT MARSHALL

Marshall is a true rock legend. A distinct and expressive sound combined with an iconic stage presence that has inspired music fans around the world for over five decades. This unparalleled amount of wisdom has been distilled and fused into every part of Marshall headphones and speakers. Nothing has been compromised when expanding the Marshall heritage of big stage performance to the individual enjoyment of good music.

The legacy began in a small Hanwell drum shop in 1962, where Jim Marshall sought to give a bunch of then-local guitarists the sound they wanted – a sound that was harder, crunchier, and more rich. The result was the JTM45, an amp that reverberated with a sound that was much heavier than anything ever heard before. In a twist of rock and roll fate – those guitarists, much like the Marshall name, would go on to revolutionise music forever.
