

Chad E. Lewis, MD, a Colorectal Surgeon with O&W Surgical, PLLC

Get to know Colorectal Surgeon Dr. Chad E. Lewis, who serves patients in the panhandle area of Texas.

New York City, New York Oct 24, 2022 ([IssueWire.com](https://www.issuewire.com)) - With an excellent bedside manner, Dr. Lewis is a board-certified colorectal surgeon providing high-quality care for all his patients. He specializes in treating diseases that affect the rectum, anus, colon, and pelvic floor.

Skillful and experienced in his field, he is the Owner & Operator of O&W Surgical, PLLC in Canyon, Texas. He also serves as the Medical Director & Partnership Owner of Eau de Vie Medical Spa and Sexual Wellness.

There are many factors to be considered regarding the types of treatment needed for a positive outcome. Determining the best treatment plan, particularly for each individual condition requires a physician who is experienced and has been well-trained. Dr. Lewis has over twenty-five years of experience in the field of colorectal conditions and disease.

Some of his areas of expertise include hemorrhoidal disease, diverticulitis, perianal abscess, anal fistulae, pilonidal disease, colon cancer, rectal cancer, and more.

To begin his career, Dr. Lewis earned his medical degree from Indiana University School of Medicine in 1999. He then went on to complete his residency in general surgery at Good Samaritan (TriHealth) Hospital in Cincinnati, and his fellowship in colorectal surgery at The University of Texas Houston.

Following his training, he attained board certification in general surgery through the American Board of Surgery, and in colorectal surgery through the American Board of Colon and Rectal Surgery.

Continuously advancing his efforts, Dr. Lewis is a proud member of the American Society of Colon and Rectal Surgeons and the Texas Medical Association.

Colorectal surgery is a field of medicine dealing with disorders of the rectum, anus, and colon. The field is also known as proctology, but this term is now used infrequently within medicine and is most often employed to identify practices relating to the anus and rectum in particular. Colorectal surgeons specialize in the preoperative, operative, and postoperative care of patients with colorectal disorders. They have comprehensive knowledge about general surgery and the diagnosis and treatment of disorders of the rectum, anus, and colon.
