

Dayn C. Boitet, DDS, a General and Cosmetic Dentist with Doctors Lake Family Dental

Get to know General and Cosmetic Dentist Dr. Dayn C. Boitet, who serves patients in Fleming Island, Florida.

New York City, New York Oct 4, 2022 ([Issuewire.com](https://www.issuewire.com)) - Specializing in general and cosmetic dentistry, Dr. Boitet is the Owner of Doctors Lake Family Dental in Fleming Island, Florida. “Doctors Lake Family Dental can help you achieve an ideal state of oral health and maintain that health for a lifetime. Our philosophy is based on absolute positive regard for our patients and their needs. We strive to provide the highest quality of dental care to help patients get back the smile and self-esteem they deserve” as stated on the dental practice’s website.

Having been in private practice since 1981, Dr. Boitet is still as enthusiastic about the profession as he was then. “Dentistry has made many wonderful and exciting changes and advances. Our practice prides itself in staying at the forefront and providing our patient families with the best and newest, yet proven technologies and treatments. We attend a lot of continuing education courses in order to achieve this” he stated.

Having grown up in Fort Wayne, Indiana, he attended Indiana University for both his undergraduate degree and his Doctor of Dental Surgery (DDS) degree, graduating with honors. He was honored to receive an academic-based scholarship from the U.S. Navy and was stationed in Jacksonville as soon as he graduated from dental school.

Extremely proud of his community involvement, the dentist and his staff take on a new, major community charitable endeavor each quarter. Many of their patients contribute to these charitable endeavors and are entered into Doctors Lake Family Dental’s monthly drawings and contents for their participation.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. As a general and cosmetic dentist, Dr. Boitet has the skills necessary to complete an array of procedures that are both simple and complex in nature. He is a Diplomat of the American Sleep and Breathing Academy and a member of the International Academy of Sleep.

In his personal life, he and his wife, Judy, met in the Navy. She was a registered nurse. Together, they have raised (and survived) four children. The couple is blessed with five grandchildren who keep them laughing, both at their antics and at the fact that their children now understand the “joys” of parenting. Dr. Boitet is known as “Boppy” to his grandchildren.

Aside from spending time with his wonderful family and friends, he enjoys long-distance cycling, snow skiing, whitewater, and sea kayaking, as well as fly fishing.
