

Drillygirl Entertainment BX. x Medina from The Bronx

Who is Medina from the Bronx on this New Song on the Radio? And, why are Bronx people so f*cking Nasty?

Bronx, New York Nov 2, 2022 ([Issuewire.com](https://www.issuewire.com)) - Drillygirl Entertainment BX. is excited to declare the release of the new album from Drillygirl Entertainment feat. Medina from The Bronx, "BOY", will be available worldwide on Friday, October 21, 2022.

Drillygirl Entertainment BX. has paved a way for upcoming Artists through their creative production when it comes to Music in this generation's Bronx Drill Scene!

We are now witnessing what we have seen before through acts like the Legendary supergroup RUFF RYDERS, where the Producer [Swizz Beats] releases a project under his own brand as an artist! Trendy adds, "I really respect how Swizzy did it! It was cool as a fan to hear the creativity a producer can have when he taps into being Artistic. Gangsta. So that's what I'm trying to do, I want to have a sound and artists featured on the music I release. My beats are my Music. Lyrics or not. My Freshman release "BOY" is featuring Medina from The Bronx and I think we did a good Collaboration."

We all know Drillygirl did her thing on the Beat but we must also credit their choice in the Artist selection! Medina from The Bronx bouncy yet smooth flow stood out in our Studios, it's awesome to hear a Bronx Drill rapper change the lanes of what a typical drill is. We've seen this before with artists like Ice Spice who kept the vibe and slanguistics of what traditional Bronx Drill was designed to be yet added her own Sexy approach which seemed to stem away from the "Opp Hunting" topics that we are all used to! Medina does the same thing and would classify as what seems almost X Rated. "Gangsta. I want to call my Album, we'll this Collab album PORNO MUZIK, I'm from The Bronx so I'm nasty, feel me? (laughs)" We really like this song, "BOY", our team has it on repeat in the Studio it feels like it's not even new anymore. Congratulations to DRILLYGIRL ENTERTAINMENT BX. for all the contributions to this culture we love so much!
