

Jesse Manuel Jaso, MD, FASCP, a Hematopathologist with UT Southwestern Medical Center

Get to know Hematopathologist Dr. Jesse Manuel Jaso, who serves patients in Dallas, Texas.

New York City, New York Oct 31, 2022 ([IssueWire.com](https://www.issuewire.com)) - A determined hematopathologist, Dr. Jaso is an Associate Professor of Pathology and Director of the Hematopathology Fellowship Program at UT Southwestern Medical Center in Dallas, Texas.

Compassionate patient care and advanced medical thinking go hand-in-hand at UT Southwestern Medical Center, one of the world's top academic medical centers. They treat more than 80 specialties, several of which are ranked among the nation's best by U.S. News & World Report.

Graduating with his medical degree from the University of Texas Medical Branch at Galveston in 2006, Dr. Jaso completed his residency in anatomic & clinical pathology at the UT Health Science Center in Houston in 2012. He then went on to complete two consecutive fellowships in hematopathology and advanced hematopathology at the UT MD Anderson Cancer Center in 2013 and 2014, respectively.

Distinguished as a Fellow of the American Society of Clinical Pathology (FASCP), the doctor is board-certified in anatomic & clinical pathology and hematopathology by the American Board of Pathology. It is one of the 24-member boards of the American Board of Medical Specialties.

Continuously advancing his efforts, he is an active member of the International Clinical Cytometry Society, the Society for Hematology Education, the American Society of Hematology, and the United States and Canadian Academy of Pathology.

Hematopathology or hematopathology is the study of diseases and disorders affecting and found in blood cells, their production, and any organs and tissues involved in hematopoiesis, such as bone marrow, the spleen, and the thymus. Hematopathologists are highly trained healthcare providers who specialize in diseases of the blood and blood components. These include blood and bone marrow cells. Hematological tests can help diagnose anemia, infection, hemophilia, blood-clotting disorders, and leukemia.

Among his various accolades, Dr. Jaso has been the recipient of the Vernie A. Stembridge Clinical Pathology Resident Teaching Award for Pathology resident teaching (2018), and the Helen Chu Wagner Award for Outstanding Performance by a Resident in the Field of Pathology.
