

# LeadStal Releases Marketing Tools to Find Prospective Clients on Instagram

LeadStal new software, IG Scraper and Email Finder, helps business owners find their prospective clients through leads from Instagram hashtags, locations, post likers, etc.

The screenshot displays the LeadStal IG Scraper & Email Finder interface. It features a list of user profiles with columns for user information, status, and contact details. A pop-up window titled 'Contact' is highlighted, showing extracted data for a specific user. The contact information includes:

- Emails: comunicacionesgl
- Phones: +51 9883
- Website: fundamr om/
- Social: Facebook, LinkedIn, Instagram
- Location: data not found

The interface also includes a search bar, filters, and a dashboard overview. A small robot icon is visible in the bottom right corner of the interface.

**San Francisco, California Oct 21, 2022 (IssueWire.com)** - LeadStal, an innovative software developer, has announced its Instagram leads generator, "IG Scraper and Email Finder". IG Scraper & Email Finder will help business owners to find users' personal info and business emails with one click. IG Scraper & Email Finder is the best tool on the market for finding personal info and business emails from Instagram profiles, hashtags, and locations. This program is easy to use and has a simple interface that doesn't require any programming knowledge, even if the user is not a tech expert. It lets users save time because there is no need to fill out a long list of fields or copy/paste the information into forms. With only a few clicks, users can export followers' names, email addresses, and phone numbers directly into a CSV file or Excel spreadsheet.

**LeadStal new software, IG Scraper, and Email Finder are available here:**

*"IG Scraper & Email Finder is a user-friendly Instagram Scraper Tool. Just add it to your Chrome browser and go to Instagram profiles, hashtags, and locations. You will see one-click buttons to scrape leads for your business."* Said the IG Scraper developer.

IG Scraper & Email Finder is a user-friendly Instagram Scraper Tool that will help you to find user personal info and business emails with one click. It's so easy to use, and any type of person with little computer knowledge can use it.

There are many Instagram Scraper Tools on the market, but IG Scraper is different! It has excellent features which include:

- No technical skills required: Users don't need to know any type of programming language to run this Instagram Scraper. Download the extension and start scraping (This program is suitable for Chrome browser).
- Easy to use: IG Scraper & Email Finder will help users find Instagram leads. One-click and users will get the lead information.
- Free, updated, and reliable: IG Scraper & Email Finder is free (paid plans are available), updated regularly, and totally safe for any business.

### **About LeadStal**

LeadStal.com is a leading software developer that produces various lead generators. Its new product "IG Scraper or Instagram Scraper", is an effective b2b lead generation tool founded by a Bangladeshi Entrepreneur, Sagor Al Mamun. IG Scraper & Email Finder is a user-friendly tool that lets users find any information related to Instagram. With it, a business owner can scrape personal accounts and business profiles such as full name, user name, followers & following, account type, bio & website, and more. In addition, it can also scrape leads from hashtags, locations, profile followers, profile following, etc. For more information about LeadStal's new product "IG Scraper" and how to use it, please visit:
