

Nigel Farage to Headline Bitcoin Amsterdam 2022

Amsterdam, Netherlands Oct 7, 2022 ([Issuewire.com](https://www.issuewire.com)) - *Bitcoin Amsterdam is excited to provide a platform for open and heated discussions in the current bitcoin community. We welcome Nigel Farage, British broadcaster and former politician who was the Leader of the UK Independence Party, to discuss how to make Europe competitive with Peter McCormack, to the bitcoin community notoriously known journalist and one of the most influential podcasters of the industry.*

Bitcoin Magazine invites Nigel Farage, British broadcaster for GB News and former member of the European Parliament, Leader of the UK Independence Party, and Leader of Brexit Party, as the headliner for their upcoming event, Bitcoin Amsterdam. “Farage” on GB News will be airing live on Thursday, October 13th, the second GA day of the event, at 8 PM (GMT+2).

“This is an opportunity to wake people up to the fact that Bitcoin is a reality, and it’s here to stay. I am looking forward to coming along and broadcasting my GB News show live from the conference in Amsterdam,” said Nigel Farage.

During the expected fireside chat on the second GA day of the event [13:50 PM - 14:20 PM], Nigel will be joined among others on stage by Peter McCormack, to discuss Bitcoin Policy in Europe. Farage is a long-time critic of FIAT policy, specifically the euro. Farage has been vocal about his concerns for the “euro project” and strongly opposes the use of bailouts, saying that “buying your own debt with taxpayers’ money” will not solve the problem and that, “if we do, the next debt crisis won’t be a country, it will be the European Central Bank itself”. A topic indeed more than relevant for Europe nowadays.

Along with Nigel Farage, Bitcoin Magazine has announced a fireside chat with Stella Assange, the wife of Julian Assange, founder of Wikileaks, and Gabriel Shipton, focusing on “Free Assange Now”. In February of 2022, the “AssangeDAO” raised 38 Million to fight legal fees. This chat aims to bring focus on Mr. Assange’s court battle and the benefits bitcoin gives to privacy.

The full agenda is available on the event website <https://b.tc/conference/amsterdam/agenda>.

General admission tickets are currently \$449 and Whale VIP Passes are \$4,749. The sponsorship exhibition hall is sold out. For further information on the event please visit our website at b.tc/conference/amsterdam and follow @bitcoinconfeur on Twitter.
