

Steadyhand is Pleased to Announce That Chris Stephenson Recognized as One of Canada's Top Advisors

Vancouver, British Columbia Oct 31, 2022 ([IssueWire.com](https://www.issuewire.com)) - Steadyhand Investment Management Ltd. is pleased to announce that Investor Specialist Chris Stephenson has been recognized as one of the country's best financial advisors in the 2022 Report on the Business ranking of Canada's Top Wealth Advisors.

The annual list of top advisors was started last year through a partnership between The Globe and Mail and SHOOK Research, and seeks to identify "the most effective and successful financial advisors in the country." The ranking is compiled based on SHOOK Research's proprietary methodology and includes 150 advisors from coast to coast.

Mr. Stephenson joined Steadyhand in 2007 and works with the firm's clients, providing advice on asset mix, portfolio construction and monitoring, and related issues. "It's an honour to be selected as one of the country's top advisors. I've been fortunate to work with a great group of clients at Steadyhand, and am supported by a talented and dedicated team", he said.

The full rankings are published in the November issue of Report on Business magazine and online at the [Globe and Mail's website](https://www.theglobeandmail.com/report-on-business).

About Steadyhand

Steadyhand Investment Management Ltd. is a low-fee investment firm that offers a straightforward lineup of funds directly to investors. Steadyhand's funds are concentrated and non-benchmark oriented with low portfolio turnover. The firm offers clear-cut advice and simple tools to assist investors with their asset mix and portfolio strategy. It has approximately \$1 billion of assets under management with offices in Vancouver and Toronto.
