From now until the end of November, get 10% off all heated blankets [code:winter10](#) – To take advantage of this offer, visit our website or contact our customer service team today.

What sets us apart?

- Touch-Button Control
- Connect the power bank to the USB plug
- 5 Hours of Heating Times
- 2 Minutes of Fast Heating
- Waterproof, Indoor& Outdoor use
- Lightweight, warmth, versatility

5V powerbank technology

What sets Zonli battery-operated heated blanket apart from other heater brands is the unique 5V power bank technology used Patented signal technology allows any 5V battery to be used with specific garments. This allows for unlimited battery options and gives you more options!

Revolutionary garments feature

Zonli's battery-powered heated clothing uses innovative technology to heat the core body temperature. These revolutionary garments feature integrated heating panels and are made from special fabric for lightweight warmth, comfort, and versatility. We also use heat-reflective technology to provide hours of warmth and comfort.

Transforms your outdoor experience

Zonli's battery-powered warming blanket transforms any outdoor concert, tailgate, or backcountry camp into your own personal base camp. Everything from the waterproof utility layer to the ultra-soft, insulated interior has been carefully engineered to create a unique, all-terrain, ultra-comfortable blanket that even your dog will love.

Years of experience

Zonli Battery Heated Gear was developed by some of the brightest minds in the industry. With years of experience in the field of heated apparel, the Zonli team pulled together all the features that have proven to work in this category and created this high-quality product line.
