By **World Travel Tech Awards** for Second Consecutive Year

London, United Kingdom Oct 31, 2022 ([Issuewire.com](https://www.issuewire.com)) - Vervotech, a travel technology company helping travel businesses win their customers, announced it has been named the World's Best Hotel Mapping Solutions Provider 2022 by World Travel Tech Awards, again. The prestigious annual World Travel Tech Awards recognizes trailblazing companies that contribute advancements in travel technology worldwide.

This marks the second year in a row of Vervotech being recognized as the best mapping provider in the industry for its achievements and state-of-art Hotel Mapping product. Their Hotel Mapping solution best showcases innovation and has a striking impact on the accommodation segment of the travel industry.

Vervotech's AI-powered Hotel Mapping tool de-duplicates and standardizes hotel content for every travel company working in a multi-supplier environment. With a data accuracy of 99.999% and maximum coverage of 98%, the hotel mapping tool even provides real-time, intelligent insights into hotel inventory, helping hotel providers to make informed business decisions.

Dharmendra Ladi, the CEO, of Vervotech, said, "Innovation is at the forefront of everything we do at Vervotech— we're continuously looking for unique ways to drive success for our customers. We are thrilled to be recognized by the World Travel Tech Awards for that innovation and the impact Vervotech has made on the travel industry. This award is a testament to our team, world-class product, and beloved clients and partners for showing trust in us. We are motivated to take it up a notch and continue delivering high-quality products for the travel fraternity."

The World Travel Tech Awards, the sister event of the World Travel Awards, is a global initiative to recognize and reward excellence in the travel technology sector. The nominees under each category with the maximum votes are selected as winners.
