

Vuk Jovanovic, MD, FACOG, a Reproductive Endocrinologist & Infertility Specialist with Tree of Life Fertility Center

Get to know Reproductive Endocrinologist & Infertility Specialist Dr. Vuk Jovanovic, who serves patients throughout the State of California.

New York City, New York Oct 5, 2022 ([Issuewire.com](https://www.issuewire.com)) - A highly trained reproductive endocrinologist & infertility specialist, Dr. Jovanovic is the Medical Director of the Tree of Life Fertility Center, with offices in Los Angeles, Tarzana, and Santa Clarita, California.

Apart from his expertise and excellent success rates, he provides compassionate and personal care to every single client. He has helped numerous couples in the United States and across the world achieve the dream of parenthood, and is happy to serve his patients in Southern California and beyond.

Throughout his academic career, Dr. Jovanovic earned his medical degree in Germany at Johannes Gutenberg University in Mainz in 2003. During his time in medical school, he completed a research semester at the University of Pennsylvania (UPENN) in Philadelphia with an emphasis on gene therapy. He also received a stipend and participated in the summer research program at the City of Hope in Duarte, California.

Furthermore, he was an exchange student with Harvard University, University of Texas, Baylor College of Medicine, University of California San Diego, and spent time at the Imperial College of Medicine in the

United Kingdom.

After relocating to the United States, Dr. Jovanovic completed his residency in obstetrics & gynecology at Duke University in 2007 and his fellowship in reproductive endocrinology & infertility at Columbia University in 2010. These two programs are among the most competitive postgraduate training programs in the US, and only a selected group of physicians succeed in securing the training positions. During his fellowship in New York, he also attended the Mailman School of Public Health.

Distinguished as a Fellow of the American College of Obstetricians and Gynecologists (FACOG), the doctor is board certified in both obstetrics and gynecology & reproductive endocrinology by the American Board of Obstetrics and Gynecology (ABOG). The ABOG is a non-profit organization that provides board certification for practicing obstetricians and gynecologists in the United States and Canada.

Remaining up to date in his field, Dr. Jovanovic is an active member of the American Society of Reproductive Medicine and the European Society for Human Reproduction and Embryology. He actively attends meetings on both continents and is always looking forward to connecting with fertility centers worldwide and cooperating in providing seamless care.

A multinational physician that has trained and worked in several countries, Dr. Jovanovic ranks among the top fertility doctors in Los Angeles. Beyond providing services in Southern California, many patients travel from all over the world to seek his expertise as a reproductive care provider. His experiences of being a fertility care provider in different countries while utilizing an extended repertoire of fertility drugs have made him a hard-to-match expert.

Licensed to practice medicine in the United States, UK, Germany, and Spain, he has managed thousands of IVF cycles in both the US and Europe. He is also well connected in Germany, Russia, Japan, India, Thailand, Israel, and China. He chose to settle in Los Angeles due to his interest in 3rd party reproduction and love for California. The multi-cultural environment in Los Angeles fits his personality and enables the full scope of services, including egg donation and surrogacy.

Upon moving to Los Angeles, Dr. Jovanovic worked at the Center for Fertility and Gynecology under Dr. Michael Vermesh. The latter is a famous fertility specialist in Los Angeles and has run a private fertility practice for over 30 years. Many other successful fertility specialists like Dr. Snunit Ben-Ozer, Dr. Eliran Mor, Dr. Nurit Winkler, and Dr. Marc Kalan started their careers in Los Angeles with Dr. Vermesh.

After acquiring the necessary experience to navigate the fertility landscape in Southern California, he took over the position of the Medical Director at Tree of Life Center from Dr. Ben-Ozer. He is also the Founder of Kinderwunschzentrum Los Angeles and Pacific Surrogacy and Egg Donation.

Obstetrics and gynecology (OB-GYN) is the medical specialty that encompasses the two subspecialties of obstetrics (covering pregnancy, childbirth, and the postpartum period) and gynecology (covering the health of the female reproductive system – vagina, uterus, ovaries, and breasts). An obstetrician-gynecologist, or OB-GYN, is a healthcare professional who specializes in female reproductive health.

Speaking multiple languages, Dr. Jovanovic is fluent in English, German, Serbian, and Russian.
