Walnut Creek, California Nov 16, 2022 ([IssueWire.com](https://www.issuewire.com)) - Author Angela Marie Christian's Amazon best seller, [*Manifestation Mastery: How to Heal, Transform, and Level Up with Your Built-in Superpowers*](#), is a life preserver for those drowning in life's treacherous waters.

"We all want to feel in control of our lives. However, the majority of us don't realize our subconscious rules our life 95% of the time," says Christian. "Our subconscious mind holds all of our false beliefs from childhood, so even when we consciously desire something, our subconscious sabotages it."

Christian says readers of *Manifestation Mastery* will gain a clear understanding of how the subconscious works, and how to start healing and reprogramming your subconscious, which leads to living the life of their dreams.

"My book is for anyone stuck in the corporate world or life in general, who feels like there's something missing," explains Christian. "They're struggling in one or more of the following areas: love, money, career, health. They know they're meant for more, but they don't know how to level up on their own."

Dr. John Gray, Ph.D., the best-selling author of *Men Are from Mars, Women Are from Venus*, praises Christian's work, "*Manifestation Mastery* is a beautiful blend of neuroscience and spirituality, helping you to solve the mystery of manifestation to live the life you desire."

Angela Marie Christian draws from her own life experience and the many respected experts who have impacted her along her journey of self-transformation. Christian says it is now her passion and responsibility to help others reach their life goals.

"When we don't share our knowledge and wisdom with the world, we're not doing anyone any favors," says Christian. "There is always someone who could benefit from your unique wisdom."
