The Nanda Devi, Comet, and Dunagiri hills, which appear to be quite lovely and alluring, are seen. The snow cover accumulates to a depth of three feet between January and March, giving the mountains' tops the appearance of being draped in white. From Joshimath, you may hike or take the ropeway to Auli. The distance from Joshimath to Auli is only 11–12 kilometers. This location is the greatest in terms.

CHOPTA;- Chopta is a little hamlet or town in the Rudraprayag district of Uttarakhand's Gharwal area. terrain, followed by 1.5 km of steep terrain to reach Chandrashila's top.
