

DK Mobile:Genesis latest update is complete

New York City, New York Nov 18, 2022 ([Issuewire.com](https://www.issuewire.com)) - DK Mobile: Genesis has completed many surprising updates. Before introducing this update, let's get to know DKMobile.

About DK Mobile

DK Mobile is an MMORPG work produced by the well-known game developer Ntrance. With the medieval fantasy world as the background, through exquisite 3D modeling and the original storyline, players can become dragon knights to fight against evil forces and experience an immersive adventure experience. DK Mobile currently has three series, the first series "DK Mobile: Return of Heroes" has more than 1 million players worldwide since its launch in 2021. The second series, DK Mobile: The Origin, was launched in August 2022 and was also very popular with players. The third series 'DK Mobile: Genesis' is planned to be launched and on-chain through ITSBLOC on the 26th of October 2022.

In addition to no in-app purchases, DK Mobile's unique P2E system, such as a season system that focuses on user play rather than mining, allows users to receive substantial rewards as much as time spent in the game. It is possible to acquire valuable items through monster hunting, quest clearing, PVP, etc., and it can be converted directly into the form of an asset.

We hope you can download DK Mobile: Genesis now!

If you want to play DK Mobile: Genesis, ITSBLOC wallet you must know

[ITSBLOC](#) is an independent development platform for Web3.0 games based on Polygon. It aims to help game manufacturers easily realize Web3 transformation through a sound blockchain technology stack and tools, and at the same time build a healthy and stable economic ecology so that players can obtain continuous game income. . ITSBLOC provides an excellent solution to the dilemma faced by the GameFi industry at this stage, bringing Web2.0 popular games with great growth potential into the Web3.0 field. This move not only makes up for the lack of gameplay of GameFi at this stage but also

greatly expands the market growth potential for Web2.0 games. Just recently, ITSBLOC also announced that it has received \$7.5 million in investment from eight institutions including Vista Labs, Nexus one, and Edimus Capital.

There are also updates and tutorials about the ITSBLOC wallet Changes in ITSBLOC Wallet Swap Function

Due to the swap pool issue from Polygon Network, we are to inform you that there will be some changes to some wallet swap functions.

Check the changes below:

#Before

- Able to swap MATIC / USDC using ITSB
- MATIC / USDC tokens can be swapped with each other

#New Update

- Unable to swap MATIC / USDC using ITSB
- MATIC / USDC can still be swapped with each other
- ITSB coin can be purchased using listed crypto currency exchange (Gate.io, MEXC)

* For more information about Gate.io. you can check the details on the link below

Staking Termination Tutorial on ITSBLOC Wallet

We are here to guide you on how to claim your staked Pentandra Token(PED) to your ITSBLOC wallet once Staking from DK Mobile: Genesis is complete.

1. Check your Staking status

- Open ITSBLOC Wallet and select the PED icon.
- Select the Staking menu from the PED menu.
- In Staking Menu, you can check the total Staking amount and Staking status.

*The total amount of staking will be updated soon*2. How to Retrieve Staking

- Press the Claim button on the active Staking product that has finished the staking period
- Check the Staking product information and press the OK button
- Input your password on ITSBLOC Wallet and press the OK Button
- After Staking retrieval is complete, press the OK button and return to the Staking menu

3. How to check the Staking status

- Check the Staking retrieval log, logs are separately displayed as **Unstaking/Staking**.
- **In the Unstaking** section, you can check the Staking retrieval date, claimed token amount after retrieval of Staking, and the completion status of Staking.
- **In the Staking** section. you can check the starting date of Staking and the ongoing amount of Staking.
- For currently ongoing **Staking** products '**CLAIM**' button is active and on the top part of the screen, you can check the '**Total Staking**' menu to compare the difference in activation amount.
