

Family Literacy Campaign to Support Small Minority Owned Nonprofit

End of Year Literacy Campaign Seeks to Provide Children's Books for Nonprofit that works with single and/or homeless mothers and their children

Virginia Beach, Virginia Nov 18, 2022 ([IssueWire.com](https://www.issuewire.com)) - Wings 2 Fly Publishing announced the start of their Family Literacy Campaign. For every print copy of *Ready. Set. Fly!* sold, the publishing company will donate a copy to Mothers of Minors (MOM). The campaign will end on December 31, 2022, and the goal is to provide 100 books to MOM.

Mothers of Minors (<https://www.momincfl.org/>) is a minority-owned 501c3 nonprofit organization based in Pinellas County, Florida. MOM was founded by four single mothers who wanted to make a difference in the lives of other single parents and low-income families.

Ready. Set. Fly! (<https://www.readysetfly.net>) is a children's picture book written by Angel Lewis and illustrated by Melissa Sinclair (<https://www.readysetfly.net/creative-team/>). It is an inspirational tale that encourages children (and adults) to believe in themselves and to keep trying. The print copy is available on the [readysetfly.net](https://www.readysetfly.net) website for shipment to customers in the US and Canada.
