

Get to know Physiatrist Dr. Adriana Valbuena Valecillos, who serves patients in Miami, Florida.

Adriana Valbuena Valecillos, MD, a Physiatrist with Christine E. Lynn Rehabilitation Center within Jackson Memorial Hospital

New York City, New York Nov 2, 2022 ([Issuewire.com](https://www.issuewire.com)) - Dr. Valecillos is an experienced specialist in physical medicine and rehabilitation. She serves as PM&R Inpatient Consultant Medical Director at the University of Miami Miller School of Medicine, and at the Christine E. Lynn Rehabilitation Center within Jackson Memorial Hospital.

There, she provides comprehensive evaluation and recommendations for medical conditions including brain injuries, spinal cord injuries, stroke, amputations, cancer survivors, organ transplant patients, etc. Her areas of expertise include musculoskeletal syndromes in adults, fibromyalgia, myofascial pain, osteoarthritis, back and spine disorders (non-interventional management), strain/sprains, and tendonitis/bursitis.

With a special interest in the global exchange of foreign medical students and physicians, Dr. Valecillos serves as Director of the PM&R Observership Program of the University of Miami Miller School of Medicine / Jackson Memorial Hospital. She is also Chair of the PM&R Inpatient Consultant Member Community of the American Academy of Physical Medicine and Rehabilitation.

At the University of Miami Miller School of Medicine, she is an Assistant Professor of Clinical Physical Medicine and Rehabilitation. Her teaching interest is in international physical medicine and rehabilitation with a special interest in brain injury medicine.

After earning her medical degree with Honors from the University of Zulia, Venezuela, Dr. Valecillos completed her residency in physical medicine and rehabilitation at New York Medical College. There, she also received a 1-year training in psychiatry.

Focusing on a patient's ability to function, she is board-certified in brain injury medicine & physical medicine, and rehabilitation by the American Board of Physical Medicine & Rehabilitation (ABPMR). The mission of the ABPMR is to serve the public by improving the quality of patient care in physical medicine and rehabilitation. This is accomplished through a process of certification and maintenance of certification that fosters excellence and encourages continuous learning.

The doctor's research interests include system-based practice, clinical practice, and brain injury.

Physical medicine and rehabilitation, also known as physiatry and physiatrics, is a branch of medicine that aims to enhance and restore functional ability and quality of life to those with physical impairments or disabilities. Physiatrists treat a wide variety of medical conditions affecting the brain, spinal cord, nerves, bones, joints, ligaments, muscles, and tendons.

On a more personal note, Dr. Valecillos speaks both English and Spanish.
