BLACK FRIDAY DEAL

Mumbai, Maharashtra Nov 11, 2022 ([Issuewire.com](https://www.issuewire.com)) - While most web hosts offer discounts of between 50 and 70 percent on Black Friday, Hostinger jumps on the bandwagon and shocks the industry by giving customers 80 percent off their shared hosting plans and a free domain name. Their Premium Shared Hosting plan is available for an unbelievable \$2.49 a month, on top of an already low beginning price, and it comes with a free domain. And here's the best part: even if you sign up for the

Premium plan for a full year, you won't miss out on this insane deal. The 48-month plan does qualify for this massive 80% savings.

Oh, I almost forgot: Use the promo code BLACKFRIDAY at checkout for an additional discount!

Big deal!

Even though I don't actually require a web host at the moment, I'm desperately trying to come up with reasons to take advantage of Hostinger's enormous sales. You can always get the best [Hostinger Coupon Code](#) at CouponZania.

When It Comes To Hostinger

Founded in 2004 with roots in Kaunas, Lithuania, Hostinger has since relocated. Today, the company has locations all over the globe, and it provides a variety of hosting options like shared and virtual private servers (VPS) and even a website creation tool.

After more than a decade in business, Hostinger has earned the support of customers in 39 different nations. One of their selling points is that they have established local teams that can provide assistance to customers whenever they need it.

Hostinger aspires to please a wide variety of customers, which is why it offers a wide range of services, from risk-free shared hosting for beginners to powerful VPS cloud hosting for advanced users. This has resulted in its user base growing to more than 30 million people around the world.

From what we can see, Hostinger is a good option for anyone looking for a cheap web host, as we have detailed in our review. Particularly if they are just starting out or are working with a limited budget. They are not the cheapest option, but they include everything necessary for a functioning website.
