Springfield, Missouri Nov 24, 2022 ([Issuewire.com](https://www.issuewire.com)) - If you are looking for a fresh track and your favorite genre is rock music, then you will love the newest release from the band [The Horse and Locomotive](#). The music genre of indie rock and alternative is extremely hard to master and at the same time is one of the most popular musical genres around the world. However, the band seems to have mastered it and their latest release of '[Holding](#)' is standing proof of that. Upon hearing this, the listeners are not able to put the song in a particular genre as the composition contains different genres and elements.

The fresh track, '**Holding**' is a fine example of blending different genres together to create a unique masterpiece and that is exactly what has been done by the artists. Listeners are able to feel different musical genres like indie rock, rock music, alternative, and blues rock which surprises the audience. The track is standing proof of the immense talent of the artists and has the ability to become the most streamed-to or listened-to or viewed track in their discography. **The Horse and Locomotive** delivered an ever-impressive performance in the attack which captivates the audience throughout the entire record.

The songwriting is worth a lot of praise in the track as the well-written verses are expressive and emotive. On top of that, the sultry vocals in the track take the song to another level. The entire musical expression showcases the clear inspiration from Ozark mountains mixed with hard rock composition, adding an extra flavor to the soundscape. Upon its release, the track has already gained support from music lovers from all over the world and is showing the ability to climb the charts.

There are some previous tracks of the artist that deserve similar recognition, such as, '**Trip**', '**True Enough**', '**Empty Bottles**', '**The Animal**', etc. Listeners can watch the music video on [YouTube](#) and listen to the track on [Spotify](#) and [Apple Music](#).
