Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

Dr. Luke and her husband, Dr. John Luke III, a vascular surgeon in Lafayette, are happy to be home. Her family, all from the Acadiana area, drew her back to her Cajun roots.
