

Leawo's 2022 Thanksgiving Sales & Giveaway: 50% OFF PhotoIns & DVD Copy Freebies

Leawo Software is offering a 50% discount on its photo manipulation software in its 2022 Thanksgiving sale. Plus, you can get other discounted packages up to 70% off and DVD Copy freebies.

Shenzhen, Guangdong Nov 15, 2022 (Issuewire.com) - For some, the best part of Thanksgiving is the food. But Thanksgiving also is a great opportunity to snap some amazing photos of loved ones at family dinners. You don't need to be a professional photographer to capture your family's memories. All you need is your phone or camera, a little patience, and some creativity to save those important moments. In order to enhance your Thanksgiving memories, Leawo Software, a leading developer and supplier specializing in multimedia solutions and data management software, is offering a 50% discount on its [PhotoIns](#) – a comprehensive photo manipulation software on its [2022 Thanksgiving & Black Friday Sales](#). This activity will last until Dec. 15, 2022.

Whether you choose to hire a professional photographer for Thanksgiving-themed photos, or you want to capture your own photos, Leawo PhotoIns can help you create memorable photos that you'll treasure for years to come. Currently, Leawo PhotoIns includes AI Photo Enhancer, Photo BG Remover, and Photo Enlarger, which is capable of enhancing photo quality, removing, changing, and editing photo backgrounds, enlarging photos by up to 40x, batch processing photos, and more. Now, with a 50% discount, a lifetime license is just \$54.97. For detailed information on each module, see below.

- [Photo Enhancer](#) – Powered by AI technology, Photo Enhancer can enhance photo quality by sharpening details, adjusting white balance, improving color, etc., fix image issues through exposure compensation, dehazing, noise reduction, etc., as well as beautify portrait photos by retouching skin, removing freckles, enlarging eyes, etc. Best of all, it supports RAW file

processing, batch processing, and more.

- [Photo BG Remover](#) – Usually, removing and changing photo backgrounds require specialized tools and a lot of experience. But with Photo BG Remover, that's no longer the case. Based on state-of-the-art neural algorithms, Photo BG Remover can easily remove the photo background and make the background transparent. Also, you can change the background to a different color or picture, or apply various effects to the photo background.
- [Photo Enlarger](#) – Instead of single-pixel magnification, Photo Enlarger can enlarge pictures by increasing image resolution. At the same time, it can improve color rendering, reduce artifacts and enhance detailed texture to make images maintain their clarity and sharpness. If needed, noise, pixelation, and graininess removal as well as contrast, sharpness, and brightness optimization is available in manual and auto modes.

In addition to Turkey, side dishes, and photos, the movie is also an important element of Thanksgiving. Nothing says Thanksgiving like nursing a full belly while watching a flick with our family. In order to help you watch movies at home without barriers, Leawo Software specially offers its [DVD Copy](#) as a freebie. This software delivers 1:1 quality-lossless DVD backup, regardless of protection and region code. What's more, it has 3 copy modes – Full Movie mode, Main Movie mode, and Custom Mode, allowing you to choose which parts of the DVD to copy. Now, you can head to its promo page and enter your name and email to get a one-year license of Leawo DVD Copy, saving \$29.95 for a limited time.
