

Metal Picture Prints – Best Way to Extend Life of Photographs

North Fort Myers, Florida Nov 2, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Buhl Photo is happy to announce fine art travel photography taken around the world while traveling, hiking, sailing, and adventuring. Our photographs showcase the true magic of light: an absolute medium to interpret the world with a creative union of art, inspiration and imagination.

Being a passionate photographer, Karl Buhl thinks of his photography as colorful, inquisitive and cheerful by simply capturing portraits, landscapes and everyday scenes around the world with people in different cultures. Our photographs showcase common objects in their daily settings, geography between land and sea, white sails against a blue sky. However, all the photographs are taken in medium light.

When it comes to metal picture prints, the source of printmaking is inseparable from the final image quality. Being an experienced photographer, we choose the pictures carefully. In order to ensure the best quality for my images, we at <https://buhlphoto.com/> only sell metal prints.

Our blazing editions has evolved metal prints using a dye-sublimation process, whereby the image is heat-transferred onto pre-treated aluminum. The process is quite difficult to perfect, but the results are mesmerizing. Features our metal picture prints include recycled aluminum, archival quality, easy to clean, light weight and scratch resistant.

Our [metal prints](#) are a premium quality photo prints that done on metal which allows displaying unique photos with the least glare and best vibrancy in colors even after taken from a distance. We print custom metal prints from pictures from our holiday's pictures.

Purchase our stand out metal printed photos to glam your house or office walls or even you can gift to your loved ones. Customizing options are varying with us; hence they make your interior look splendid and striking even if you have colored walls. We at **Buhl Photo** provide a variety of metal prints in sized, shapes and types. Some of the lists of metal picture prints include single print, wall display, photo collage, split metal, photo mosaic, digital painting and many more.

If you are looking for fine art photography, our website is easy to explore, with arrays of search modes. You can search photographs based on look for people, places, things or landmarks. At <https://buhlphoto.com/>, all images are sold in limited editions of 25, and only metal prints.

Feel free to contact us with your queries or to be added to my mailing list karl@buhlphoto.com. You can also browse our website <https://buhlphoto.com/> to know more about our services.
