“iazY is special. I don’t say that lightly. She is an artist that understands who she is and is unwavering in all of the right ways. The confidence, work ethic, and charisma that she carries makes it clear that she has a purpose and she is standing in it. Working with her has been a pleasure! She is an incredible writer and visionary - moving from student to teacher with effortless wisdom. I can’t wait to see what the future holds for her!” - **Troy “R8dio” Johnson**

“iazY is very unique. With a strong pop-rock influence, she will continue to find her place. Her writing skills will transform her very shortly and she will evolve into the next young superstar. What makes her so different is she writes what she feels, and honestly I still don’t understand most of what’s coming out of her mouth. Her lyrics explore everything from life experience to relationships using a clever montage of constantly moving melodies.” **IROC**

“ZA” drops today on all major DSP platforms: iTunes, Apple Music, Tidal, Deezer, iHeartRadio, Pandora, Amazon Music, Spotify, and all other major DSPs, Nov 4, 2022
