California City, California Nov 12, 2022 ([Issuewire.com](https://www.Issuewire.com)) - After a temporary bear market, the crypto market is again going to see a major boom. This time a major contender which is getting a lot of attention from investors lately is Tetherium or T99. What makes T99 a major hit among investors is that it provides so many options to the investors under one umbrella which is Tetherium(T99) providing a

platform to investors who want to exchange tokens, and it also provides a helping hand for those who need to subscribe for access to the Automated Market Maker service - something not always offered by other exchanges.

As of now, Tetherum has a market cap of \$2,081,276 and has been showing steady growth. The crypto startup hit its milestone in April this year when it crossed the market cap of \$2 Million. The founders said, "With Tetherum (T99), we hope to contribute to creating a future without central banks. That's why this digital currency is run over TOR Network for private anonymous transactions of the BNB."

As the demand is growing every day, they are also updating themselves. Recently, they announced that now, one can swap Tetherum with BNB from any crypto ATM in the United States. All they need is to buy BNB from any cryptocurrency atm in the United States and swap BNB with Tetherum, Tetherum (T99) is on the Binance Smart Chain (BSC) and was responsible for making millionaires out of its early investors.

Tetherum founders have a clear vision and they are very passionate about their contribution to the inevitable decentralization of monetization and finance in the Web3. They believe in working for the cause and they have proved it time and time again. Recently, Tetherum also contributed 1 Million Tokens to the relief fund for the Ukrainian Crisis And 1 Million Tokens to the Covid relief fund in India, Tetherum is available on Pancake Swap, 1inch Network, Kyber Network, And DexTools.

Tetherum which is currently trading at \$0.0002 is expected to grow to \$0.01 and therefore, it is one of the favorite picks for early adopters who understand the market and know that this coin has the ability to make them millionaires.
