

UberJets Presents at Tech Day conference

Showcasing the first-ever luxury software as a service (SAAS) UberJets was present at the world's largest tech startup conference to display the groundbreaking Virtual HangarSM Technology.

UberJets

New York City, New York Nov 22, 2022 (IssueWire.com) - **UberJets**, the worldwide provider of private aircraft booking technology, presented at Jacob Javits Convention Center in Manhattan, on Tuesday, November 15th.

Showcasing the first-ever luxury software as a service (SAAS) UberJets was present at the world's largest tech startup conference to display the groundbreaking Virtual HangarSM Technology. Among the world's next group of Disruptors, Innovators, and Forward-thinkers, UberJets has joined the ranks to revolutionize the private aviation industry.

Thousands of spectators flocked to the Javits Center on November 15th and enjoyed behind-the-scenes access to the Virtual HangarSM software.

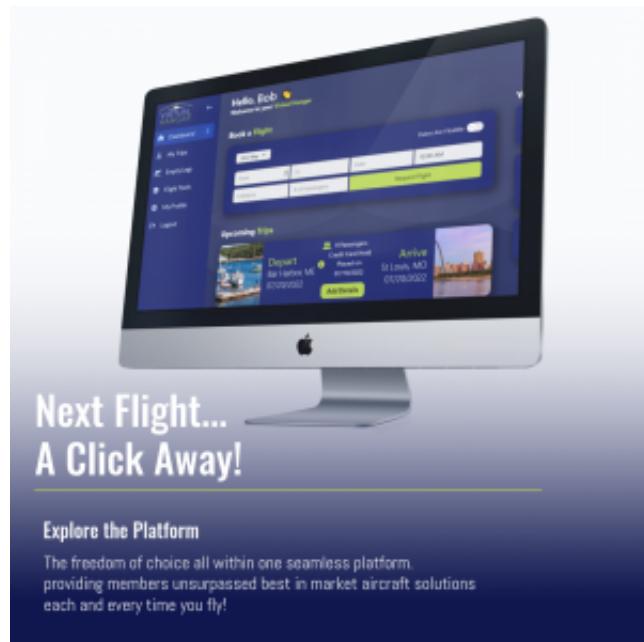

UberJets is streamlining the private flight booking process in a way that is both simple and economical. UberJets has set out to disrupt and revolutionize the private aviation industry by taking private travel to new heights via its flight-booking software, Virtual HangarSM.

With the rapidly expanding culture of a startup, UberJets received hundreds of applications with many individuals looking to take part in revolutionizing an industry into the 21st Century.

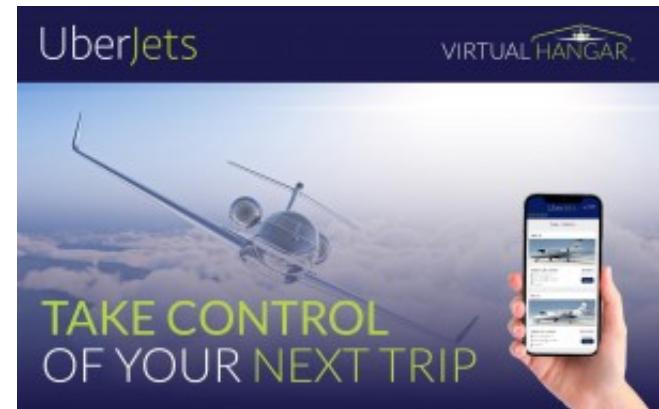

About UberJets: UberJets, pioneered an innovative, pay-as-you-fly (SAAS) software as a service. Inspired by the needs of the modern traveler, UberJets provides 24/7 access to charter services with unparalleled flexibility. While many in private aviation remain fixated on antiquated processes and procedures, UberJets leverages cloud-based machine learning to provide an industry-leading web/app framework. UberJets technology-driven operating system allows flyers live access to a wide variety of aircraft options amongst the Virtual HangarSM platform, granting freedom to choose the exact year, make, and model that serves their mission with the best-in-market price point.

A screenshot of the UberJets platform interface on a desktop computer. The screen shows a flight booking interface with fields for departure and arrival locations, dates, and passengers. Below the main search bar, there is a section titled 'Upcoming trips' showing a flight from 'Depart: Allentown, PA (ABE)' to 'Arrive: St Louis, MO (STL)' on '07/08/2012'. The interface is clean with a blue and white color scheme. At the bottom of the page, there is a large, bold text overlay that reads 'Next Flight... A Click Away!'.

A promotional image for the UberJets mobile application. It features a large image of a private jet flying over clouds. To the right, a hand holds a smartphone displaying the UberJets app's interface. The UberJets logo is at the top left, and the Virtual Hangar logo is at the top right. Below the jet, the text 'TAKE CONTROL OF YOUR NEXT TRIP' is displayed in large, bold, green letters.
