

Andrew W. Campbell, MD, an Immunologist and Toxicologist

Get to know Immunologist Toxicologist Dr. Andrew W. Campbell, who serves patients in Florida.

New York City, New York Dec 19, 2022 ([Issuewire.com](https://www.issuewire.com)) - Andrew W. Campbell, M.D., Medical Clinician, Director, Officer, Advisor, and Medical Consultant, also Editor-in-Chief of several medical journals and research studies, was selected as Top Medical Consultant of the Year for 2020 by the International Association of Top Professionals for outstanding leadership, dedication, and commitment to the healthcare profession. These special honorees are distinguished based on their professional

accomplishments, academic achievements, leadership abilities, longevity in the field, other affiliations, and contributions to their communities. Dr. Campbell has certainly proven himself as an expert in the field of integrative health and traditional medicine.

Dr. Campbell is a dynamic, results-driven leader who has demonstrated success by treating the most complex patients and having extensive experience with testing for molds and mycotoxins from environmental and toxic exposures. Dr. Campbell's impressive repertoire of roles has included Medical Director of the Medical Center for Immune and Toxic Disorders, Medical Consultant for Cyrex Laboratories, Medical Advisor to Cell Science Systems, Medical Director at The Wellness Center, Medical Advisor BCM Direct, Medical Advisor at Natural Health and Physician's Exclusive. Currently, he serves as the Medical Advisor of MymycoLab, a laboratory testing mycotoxins in serum, and he is the Medical Director for Zenix Laboratory in Mexico.

Dr. Campbell's areas of expertise include his treatment of thousands of patients with complex medical conditions from toxic exposures, specifically molds and mycotoxins, Lyme disease, pesticides, household solvents, silicone breast implants, industrial chemicals, and more. He has aided many patients with allergies, immune disorders, and immune deficiencies. Dr. Campbell's clinical interests include genomics, microbiome, and neurotoxicity.

Before embarking on his professional career path, Dr. Campbell graduated from a Swiss Preparatory School at age 14 and was first in his class. He completed his college studies in the United States within 3 years. Dr. Campbell obtained his medical degree, then trained at the Orlando Regional Medical Center in Florida. He furthered his education at the Medical College of Georgia.

Upon moving to Texas, he began serving as the Medical Director at the Medical Center for Immune and Toxic Disorders for over 25 years. Over the course of his professional career, Dr. Campbell has held various leadership positions in Hospitals all throughout the Houston area.

In past years, Dr. Campbell has been recognized as one of the Top 100 Health Professionals in Clinical Immunology and Toxicology, as an International Health Professional of the Year for his Outstanding Contributions to Clinical Toxicology, and was named countless times by Marquis Who's Who as an expert in Medicine and Healthcare, and Science and Engineering across America and throughout the World. In September of 2022, he was awarded the Antonio Leano Alvarez Castillo distinguished graduate award from the University Autónoma of Guadalajara for his outstanding career and field of research. Aside from his successful career, Dr. Campbell is a sought-after lecturer and speaker, nationally and internationally at medical conferences for over 25 years and at Oxford University in England and Harvard School of Medicine. He has published over 100 studies of his findings in peer-reviewed medical journals and medical textbook chapters.
