Christmas dash cam savings from THINKWARE

MERRY
Christmas

**THINKWARE™
DASH CAM
SALE**

▲ Q1000

SALE LIST _ X800, F100, F200PRO, Q800PRO, Q1000

The advertisement features a black THINKWARE dash cam on a red pedestal, surrounded by festive decorations like gift boxes and gold baubles. The background is a solid red color with a glowing red arch behind the cam. The text 'MERRY Christmas' is at the top, followed by 'THINKWARE™ DASH CAM SALE' in large white letters. Below the cam, it says '▲ Q1000' and at the bottom, 'SALE LIST _ X800, F100, F200PRO, Q800PRO, Q1000'.

London, United Kingdom Dec 12, 2022 ([Issuewire.com](https://www.issuewire.com)) - World-leading dash cam manufacturer, THINKWARE, today announces its latest discounts in the run-up to the festive season.

The promotion will run between the 12th and 31st of December and will see up to £70 off the recommended retail price on some of THINKWARE's most sought-after models, including the new Q1000.

The Q1000 dash cam boasts an ultra-clear 2K 1440P QHD 30fps or FHD 60fps recording to capture more detailed dash cam footage in all road conditions, including number plate detail capture.

It is equipped with continuous recording mode, which records videos in one-minute segments at 30fps using real-time image signal processing. And the super night vision feature ensures all videos benefit from improved brightness for night-time recording.

If an incident does occur while driving, the dash cam will record the accident and store it as a separate file for safekeeping.

When connected to the THINKWARE Connected service, the Q1000 is also equipped with an impact notification system, which will notify a pre-programmed mobile via SMS with footage if a large impact is detected by the camera's G-sensor. A video (10 seconds before and after the incident) will be uploaded directly to the THINKWARE Connected server with an alert sent to the user via the THINKWARE CONNECTED app.

Speaking about the promotion a THINKWARE representative said: "No matter whom you need to buy for this festive season, there is no better present than the gift of road safety. THINKWARE's award-winning dash cams help make the roads safer by increasing driver awareness, deterring road rage incidents, and providing vital evidence for insurance claims, and they make the perfect gift for your loved ones this Christmas."

All products are available across the UK, with the discounts being exclusive to [Amazon Stores](#) and Individual Local Stores (Reseller Market).

About THINKWARE

Global IT Corporation THINKWARE was founded in Korea in 1997.

Through consistent research and development in the field of smart car technologies, THINKWARE has established itself as the market leader in various sectors such as dash cams, electronic maps, navigation, and mobile applications.

Spearheading the competition with world-class image processing technologies and dash cam intuitive, user-friendly interface, THINKWARE debuted in the US market in 2014. THINKWARE has confirmed it will be exporting its dash cam lines to 17 other countries including the US, Canada, the UK, and Japan.

THINKWARE has continued to astound the industry with its world-class dash cam lines during its presence at global exhibitions like CES, SEMA, and The Gadget Show Live. For CES 2017, the world's largest consumer electronics show, THINKWARE received the Innovation Award of the Year for excellence in technology and design. The company has also received the IF Design Award and IDEA Award, as well as the Red Dot Design Award.
