

Dakota Smiles of Fargo Celebrates 450+ Patient Reviews, Reflecting Community Trust and Exceptional Care

Dakota Smiles in Fargo, ND hits a milestone of 450+ reviews, spotlighting patient trust and service excellence in family and cosmetic dentistry.

Fargo, North Dakota Aug 21, 2025 ([Issuewire.com](https://www.issuewire.com)) - Dakota Smiles is thrilled to announce it has surpassed **450 patient reviews**, a milestone that underscores the clinic's unwavering commitment to compassionate, high-quality dental care. This achievement reflects the trust and appreciation of the Fargo community—and speaks volumes about the team's warmth, professionalism, and patient focus.

Building Community Trust, One Smile at a Time

Reaching over 450 reviews marks more than a number—it embodies real patient experiences rooted in comfort, clarity, and excellence. Patients consistently note the welcoming atmosphere, clear explanation of procedures, and genuine care from every team member—including Drs. Charles, Terveen, Kylo, and Weigand. Many reviews highlight how staff attentiveness and pain-free care transformed dental anxiety into confidence.

Why Reviews Matter in Dental Health

Today, only about 65% of U.S. adults have had a dental visit in the past year, although regular care is essential for preventing cavities, gum disease, and even systemic issues like heart disease and diabetes. Yet oral health often lags behind other healthcare priorities—nearly half of Americans neglect dental visits due to anxiety or embarrassment. Achieving 450+ positive reviews signals that Dakota Smiles is effectively breaking down these barriers—making dental care approachable, comfortable, and even good-natured.

Elevating Oral Wellness Through Empathy and Expertise

At a time when nearly 47% of American adults suffer from some form of gum disease—and over 90% have experienced cavities—Dakota Smiles' milestone highlights its powerful role in preventing these common issues. By offering preventive, cosmetic, restorative, and pediatric services in a caring environment—and using advanced technology like CEREC, CBCT, and Invisalign—Dakota Smiles meets patients where they are, with tailored, respectful dental solutions.

About Dakota Smiles

Dakota Smiles, located in Fargo, ND, is a patient-centered practice led by Dr. Charles Duchsherer, Dr. Amanda Terveen, Dr. Lisa Kylo, and Dr. Barbi Weigand. The team delivers comprehensive dental care—including preventive, restorative, cosmetic, implant, and pediatric dentistry—using state-of-the-art technologies. Dedicated to comfort, clear communication, and exceptional service, Dakota Smiles fosters a welcoming environment where patients feel heard and cared for, helping transform apprehension into bright, confident smiles.
