**Las Vegas, Nevada Dec 1, 2022 ([Issuewire.com](http://www.Issuewire.com))** - Adele is known for being an amazing performer which makes the demand for her live concert shows extremely high. As the season of musical concerts and celebration is here, Adele has announced a tour in the upcoming year in celebration of her recently released album. If you are worried about getting access to the tickets, Just A Ticket is the right companion for you. The website has just announced **Adele tour dates** and made the [upcoming concert tickets](#) available for music lovers so that they can enjoy their live concerts and the special evenings with Adele in peace.

The tour is taking place in Las Vegas which is starting on December 12th of 2022. This series of events will be the most anticipated Adele concerts of the year which will go on from 12th December 2022 till 25th March 2023. The performances will take place at The Colosseum at Caesars Palace, Las Vegas, NV. Adele has recently released her fourth studio album titled '30' in 2021. Similar to her previous albums this is also a very special project of hers that since its release has made an impact on the industry. The album is hugely inspired by her divorce, heartache, motherhood, and fame. This is why the musical nights will be up-close and personal evenings where the singer will connect with the audience on another level. With Just A Ticket's early access, music lovers from all over the world will get to experience the events which are guaranteed to be once-in-a-lifetime opportunities.
