At Golden Garage & Tyres, all car makes and models receive complete and thorough servicing. Regular maintenance gives one of our experts a great opportunity to thoroughly inspect your automobile, which is crucial for maintaining the health of your vehicle and avoiding unnecessary repairs. Regular maintenance will make an automobile run more smoothly and last longer. They provide two different services.

Full Service

For those who frequently hit or exceed 10,000 miles per year, their full service is an annual service. It includes the pollen filter and gasoline filter as part of the multiple checks throughout the vehicle in addition to the advanced oil system cleanse.

Interim Service

The interim service is a suitable mid-year service between yearly services for clients who log at least 10,000 kilometers annually. Along with countless additional checks all around the automobile, a thorough engine oil change and a new oil filter are also included. Every interim service they do includes a sophisticated oil system flush.
