

Grand Opening of the Candler Road Economic and Social Transformation Center (CREST).

Grand Opening of the Candler Road Economic and Social Transformation Center on Sunday, December 11, 2022, at 1:30 p.m., at 2321 Candler Road, Decatur, GA 30032.

Decatur, Georgia Dec 6, 2022 ([IssueWire.com](https://www.issuewire.com)) - The Candler Road Economic and Social Transformation Center will open its doors to the public on December 11. The Candler Road Economic and Social Transformation Center (CREST) is a new center in the Candler-McAfee neighborhood of Decatur that will serve as a hub for community gatherings, economic development, and social programs. A ribbon-cutting ceremony will be held to celebrate this new resource for the community.

During the grand opening, we will offer tours of the studio, classrooms, conference rooms, event halls, and co-working spaces. This 25,000 ft state-of-the-art gathering space was designed to host educational, social, and formal events. The Center's mission is to empower the local community to gather, grow, and gain access to valuable resources. CREST will offer a variety of programs to support local businesses, including access to small business technical assistance. The organization will also host corporate events, networking events, workshops, community meetings, and social activities throughout the year.

"The opening of this center represents a turning point for our community," said CREST Executive Director Dr. Compton Ross, Jr. "The Center will provide the resources that people need to gather, grow, and gain access to information about valuable programs."

Additional details about the grand opening and future events can be found on the official website, www.thecrestcenter.org
