

Make This Christmas Special By Supporting South African Children With Dr.Daryl D. Green

Knoxville, Tennessee Dec 19, 2022 ([Issuewire.com](https://www.issuewire.com)) - The festive season has arrived already and nothing can be better than sharing the happiness of celebration with thousands of other needy children. Well-revered business development expert Dr. Daryl D. Green is offering that opportunity for everyone with the latest 'You Feed Them' project which is aiming to feed thousands of unprivileged South African Children. According to a recent report, more than 600,000 children experience hunger every day. And this project aims to reduce that number drastically. Teaming up with Pastor Ivan and Bronwynn Jones who are best known for their generosity and kind heart, Dr. Green is offering a golden opportunity to everyone to be a part of this noble venture.

Being the senior pastor at Revelation Ministry, Pastor Ivan has already created a milestone by feeding

over 850 children daily at four feeding stations. Dr. Green is one of the most talented business professors in Oklahoma who is helping the couple to stimulate more revenue for their ministry. The ministry does not only feed the underprivileged children but also provides them education, and shelter and fulfills other needs to offer them a better life as well as a future. This latest Micro Internship project is going to improve the overall financial condition of South Africa.

Dr. Daryl D. Green is the Vice President of Marketing at AGSM Consulting, LLC who is well renowned for his strategic planning, marketing, and ideas for product and business development that helped many initiatives to grow successfully. With his wider view, experience, and intricate knowledge of the industry; Dr. Green can help to empower more South African people who are in dire need of financial help. His collaboration with Pastor Jones will be bringing more benefits to the poverty-stricken hungry children. He is creating the bridge between the helping foundation and the world to let global citizens take part in this initiative.
