Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, treat gum disease, repair decayed teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.

Among his volunteer efforts, Dr. Korch serves as a clinician at MOM-n-PA, providing direct dental care to needy individuals. He is also a clinician at Donated Dental Services, a program that provides comprehensive dental care to eligible seniors and adults with disabilities.

As voted by patients, Dr. Korch is the recipient of a Patients' Choice Award (2018, 2017).
