

## Phoenix Rising From the ashes "A star was born"

**Atlanta, Georgia Dec 11, 2022 (Issuewire.com)** - One of the most fascinating things about being a content creator is the freedom to be expressive. Born & raised in a small city in upstate NY Rochester, Mansa Mcneil was born on August 1, 1986. didn't always have it easy. Having to learn how to adapt to different environments was a challenge that the young entrepreneur learned to master. "I always wanted to be a writer," says Mansa. Telling her story was a must. She was determined to find a way to turn her pain into power. So she did just that, but what she didn't know is that creating a YouTube channel would allow her to tap into gifts that she did not know that she had, the world needed her light and she didn't even realize it. Editing, script writing, videography, acting, comedy, and the list goes on. With a push of the record button, a camera phone, and a tripod later the comedian/motivational speaker "Ladiieeluck333" was born. She's witty, raw, beautiful, funny, inspiring, and most importantly she's real. One of Mansa's favorite rappers of all time is "Tupac Shakur". He was a realist. Some like to call him "The street prophet". He spoke about real issues in our society, with zero f\*\*ks about anyone's feelings. He said the things people were thinking but were afraid to say. "Says the young writer". Something kind of like what Ladiieeluck333 represents. Living in a world where the internet has changed the game, she took full advantage of this opportunity to grow her empire generating over 120k followers on TikTok, over 85k on Instagram, & Youtube pulling in over 4k and consistently growing every day. she uses her power/platforms to bring people together by telling jokes in a realistic, witty, unique way. EDS short skits for everyday situations with a twist of comedy.
